Student Technology Acceptable Use Policy Grade 6-12

COMPUTER USE AND ONLINE ACCESS:

The David Douglas School District provides a wide range of technology resources for student use. These technology resources are to be used only for educational purposes. This agreement outlines appropriate use and prohibited activities when using all technology resources and electronic devices as defined by school administrators. Every student is expected to follow all of the rules and conditions listed, as well as those given verbally by teachers and administrators, and to demonstrate good citizenship and ethical behavior at all times.

STUDENT SAFETY:

The David Douglas School District uses a filtering system to track and monitor all computer and Internet use on our network. The system is designed to prevent access to educationally inappropriate sites.

It is important to understand that no filtering system is perfect. Due to the nature of the Internet and evolving technology, even with supervision, we cannot guarantee that students will not reach an inappropriate site. It is the student's responsibility to report any inappropriate site to the teacher.

UNACCEPTABLE USES:

Below are examples, but not an exhaustive list, of online conduct that may constitute a violation of federal and/or state criminal laws relating to cyber-crimes:

Criminal Acts: These include, but are not limited to, "hacking" or attempting to access computer systems without authorization, threatening/harassing email, cyber-stalking, child pornography, vandalism, unauthorized tampering with computer systems, using misleading domain names, using another person's identity and/or identity fraud.

Libel Laws: Publicly defaming people through publishing material on the Internet, email, etc...

Copyright Violations: Copying, selling or distributing copyrighted material without the express written permission of the author or publisher (users should assume that all materials available on the Internet are protected by copyright), engaging in plagiarism (using other's words or ideas as your own).

STUDENT COMPUTER AND ONLINE RESPONSIBILITY:

Every student is expected to follow the school rules as well as the rules and conditions listed below. It is expected that students will show good citizenship and ethical behavior at all times.

1. I AM RESPONSIBLE FOR MY ONLINE ACCOUNTS AND GSUITE ACCOUNT. I understand that passwords are private and that I should not share my password with anyone. I understand that I am responsible for all activities done through my account. I will not allow others to use my account name and password, or try to use that of others. I understand that I will be in violation of the law if I attempt to electronically capture another person's password. I understand that it is important to log off the computer at the end of every session so another user cannot use my password.
2. I AM RESPONSIBLE FOR MY LANGUAGE. I will not use profanity, vulgarities, racial slurs or any other inappropriate language as determined by school administrators in my email messages, online postings, and other digital communications with others.
3. I AM RESPONSIBLE FOR HOW I TREAT OTHER PEOPLE. I will use email, Google Apps, and other means of communications (e.g. blogs, wikis, chat, instant-messaging, discussion boards, etc.) responsibly. I will not send or post hateful or harassing mail, make discriminatory or derogatory remarks about others, or engage in bullying, harassment, or other antisocial behaviors while in school or out of school.
4. I AM RESPONSIBLE FOR MY USE OF THE DAVID DOUGLAS SCHOOL DISTRICT NETWORK.
5. I will use school computer resources responsibly. I will not search, retrieve, save, circulate or display hate-based, offensive or sexually explicit material. I will not search, retrieve, save or circulate images or information about weapons using any District computer resources unless authorized by school administrator/teacher as part of a school assignment. I will not hack or access other student's accounts. I understand the use of the David Douglas network for illegal or commercial activities is prohibited.
6. I AM RESPONSIBLE FOR MY CONDUCT ON ALL ONLINE SITES. I understand that what I do on social networking websites should not negatively impact the school learning environment and/or my fellow students, teachers and administrators.
7. I AM RESPONSIBLE TO BE HONEST WHILE I AM ONLINE. I understand that impersonating, spoofing, or pretending to be someone else is forbidden. This includes, but is not limited to, sending out email, creating accounts, or posting messages or other online content (e.g. text, images, audio or video) in someone else's name.
8. I AM RESPONSIBLE FOR PROTECTING THE SECURITY OF THE DAVID DOUGLAS NETWORK. I will not attempt to bypass security settings or Internet filters, or interfere with the operation of the network by installing illegal software including file sharing, shareware, or freeware on school computers.
9. I AM RESPONSIBLE FOR PROTECTING SCHOOL PROPERTY. I understand that vandalism is prohibited. This includes but is not limited to accessing, modifying, or destroying equipment, programs, files, or settings on any computer or technology resources. I understand that I need authorization from a school administrator/teacher to use personal electronic devices that I bring to school, including, but not limited to, memory storage devices (i.e. USB drives).
10. I AM RESPONSIBLE FOR RESPECTING OTHER PEOPLE'S PROPERTY ONLINE. I will obey copyright laws. I will not plagiarize or use other's work without proper citation and permission. I will not illegally download materials protected by copyright including, but not limited to, music and movies.

Student Violations of Technology Acceptable Use Policy Could Result in:

Academics

School History

Floyd Light opened its school to students in 1966 for only eighth graders. Seventh graders were added in 1970.

The school was named after Mr. Floyd Light, superintendent from 1953 until his retirement in 1968. The district, formerly David Douglas Union High School District, was unified on July 1, 1959 to David Douglas School District. Floyd Light is part of the David Douglas School District #40. In addition to Floyd Light, the district operates one high school, two other middle schools, nine elementary schools, a community swimming pool and community performing arts center.

Floyd Light Booster Club

The Floyd Light Booster Club has a goal to create a better understanding among parents, teachers and students. Our Booster Club works very hard in assisting with our current school activities, such as Fundraising, Student Rewards, Volunteer Program and many more activities.

A group of parents and the principal make up the Booster Club board.

Reporting to Parents

Parents will receive a report card at the end of each nine-week quarter. The following scale is used to report academic achievement:

- A - Excellent (The student has completed all assignments in a outstanding way.)
- B - Above average (The student has completed the required work in an above average fashion.)
- C - Average (The required work has been completed satisfactorily.)
- D - Below average (This is the lowest passing grade. Only minimum requirements have been fulfilled.)
- F - Unsatisfactory
- P/NP- Pass/No Pass
- NG - No Grade

Midterm Progress Reports to Parents

Academic progress reports for students will be mailed or made available to all parents at the mid-point of each nine-week quarter. This report will give parents the opportunity to review their student's progress. Parents are urged to contact individual teachers if any questions or concerns result from this communication. You are strongly encouraged to access ParentVue to check grades, assignments, and attendance. Please contact the office to gain access.

Grading Policy

The grading policy is a vital part of the school program. Grading provides a means of determining a student's progress during the school year and a final evaluation of the skills and knowledge displayed in a given class. Showing fairness to all students is of prime importance in grading. The student must be aware of each teacher's method of grading at the beginning of each course or when the student enters the course. The accumulative grade will be available as the student progresses through each nine week grading period.

The letter grade is the percentage of the earned accumulative points in relation to the possible points available through the quarter. The standard grading policy is: 90% minimum for an "A", 80% minimum for a "B", 70% for a "C", and 60% for a "D".

Plagiarism/Cheating

Plagiarism isn't just considered stealing someone else's words, it is also considered stealing their ideas. Plagiarism is considered cheating and can result in a failing grade of the assignment, entire course and/or disciplinary action, including possible suspension. A person who allows someone to copy his or her work is equally as guilty of plagiarism as the person copying.

Parent Conferences

Conferences will be held November 19-21, February 27-28 and March 1. Conferences provide a chance for you to ask questions about State Assessment dates, current grades and events throughout the year. They also provide the opportunity to talk about your student's academic progress. Information will be sent home regarding both Fall and Spring Conferences.

Attendance

Tardies – school, advisory's, classes

A student is considered tardy when he/she is not in the classroom by the time the bell is finished ringing. An excused tardy requires a hall pass from a staff member. Students who are tardy to class or late arriving to school are to sign in at the office and get a hall pass. Parent notes stating any of these reasons are also not considered excused. Examples of unexcused tardies (in addition to the reasons listed under Unexcused Absences) are:

1. Oversleeping
2. Missing the bus
3. Late to class

After three tardies in a quarter, students will be given a referral. Consequences for tardy referrals include lunch detention or loss of full privilege status. Students who continue to be tardy after receiving the above consequences may be suspended.

Prolonged Illness

When a student is absent due to prolonged illness or hospitalization, parents are asked to notify the attendance office so that the information can be recorded and teachers notified. *Assignments may be obtained by calling the office the morning after the 3rd day of illness. Please allow the office one full day to obtain the assignments.*

School Awards/Rewards

Attendance Recognition

There is a strong connection between good attendance and student growth and achievement. Floyd Light

Floyd Light Middle School

recognizes students who have exemplary attendance (absent and/or late no more than 5 days) and perfect attendance, present every day, every period. Students with perfect attendance are recognized. Students with exemplary attendance are presented with a certificate at the end of the year. Perfect attendance means no absences and no tardies.

SOAR Breakfast

When: SOAR breakfast will be held on a Wednesday at the beginning of each quarter during advisory.

Falcon Pride Drawings

Falcon prides are designed to “catch” students doing the right thing. They can be given for following school-wide

expectations, classroom procedures, or helping others. Falcon pride drawings will take place on Mondays during advisory. Winners will be called to the foyer to claim their prize.

End-of-Year-Activities

End-of-year activities such as the Oaks Park Trip, the Talent Show, the Awards Assembly, and the 8th grade Celebration, are intended to reward students who have been successful throughout the school year. To be eligible for the End-of-year activities, students must:

- Have all fines paid before attending End-of-year activities.
- Maintain attendance greater than 84% through the first three quarters.
- Have less than 20 unexcused tardies through the first three quarters.
- Have been out of school suspended no more than once through the first three quarters.
- Have five or fewer major referrals through the first three quarters.

Students excluded based on the above criteria can appeal to the school administration. To appeal, the student must have an educator advocate sign off on the appeal.

NOTE: During the 4th Quarter, the following may result in exclusion from End-of-year Activities.

- Excessive absences and/or tardies.
- Any referrals – especially those resulting in suspension.

Counseling

The Counselors at Floyd Light Middle School believe that their mission is to provide a safe and supportive environment for all students regardless of individual differences. They strive to make individual connections with each student. All students will have access to support and learning in the areas of academic, career and personal/social growth. Their ultimate goal is for students to make self-directed, realistic and responsible

decisions, and to be successful contributors to society. Floyd Light has two counselors available to work with parents and students in the following ways to:

- Help students and parents plan an appropriate schedule of classes
- Be available to students with problems and seek out those needing help
- Assist in preparing students to transition to the next grade level
- Confer with parents to help identify, recognize and work through student problems.
- Assist in identifying and placing students with special needs
- Supervise the registration and orientation of all students
- Provide resource material and referral information in regards to students' social and emotional needs

Students may make their own appointments to see the counselor by filling out an appointment slip located with the counseling secretary. This should be done before school, during passing periods, at lunch or after school. A student may see the counselor immediately in the case of an emergency.

Parents/guardians may contact the counseling office any time they have questions or concerns regarding their son's/daughter's educational welfare. Conferences can be arranged in which problems can be resolved. It is the desire of the counseling department to help students learn how to solve problems. Being aware of the situation is the first step toward changing it!

Staying Safe at FLMS

School shootings and other violent acts are extremely rare, but are highly publicized when they occur. Floyd Light is a very safe place for students. We have a zero tolerance policy for fighting, assault, and harassment, and students who do so will face severe disciplinary action. State Law also provides for the automatic expulsion of any student who brings a weapon to school. (See Rights & Responsibility Handbook for definition of weapon) Everyone plays an important part in keeping Floyd Light safe. **If any student hears**

another make a threat to harm someone, the threat must be taken seriously, and immediately reported to a trusted adult. This includes any threat of suicide. Saying "I was just kidding" never makes it OK to threaten another. In the majority of the recent tragic acts of school violence, those who committed the crime told others BEFORE they acted. For the safety of everyone, all threats must be **TAKEN SERIOUSLY AND REPORTED.**

Harassment Policy

Harassment is any unwanted or unwarranted behavior that is ongoing and makes a person feel uncomfortable, unsafe, intimidated, or humiliated or affects a student's ability to learn. Harassment can be verbal, non-verbal or physical.

David Douglas School District recognizes the following behaviors as examples of harassment: bullying, intimidation, and sexual harassment.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature that creates a hostile learning environment.

Racial harassment includes name calling, using racial or derogatory comments, wearing or possessing items depicting or implying racial hatred or prejudice. Students shall not at school, on school property or at school activities wear or have in their possession any written material, either printed or in their own handwriting, that is racially divisive or creates ill will or hatred.

Any student who is subjected to or knows of sexual harassment is encouraged to immediately notify school staff. Violations of this policy may result in disciplinary action by school authorities.

Standards of Conduct

In accordance with O.A.R. 581-021-0055 (State law) Standards of Conduct:

- (1) Students shall comply with the written rules of the school district board, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials, and conduct themselves in an orderly fashion.
- (2) Students shall be liable to discipline, suspension, or expulsion for misconduct, including but not limited to:
 - (a) Theft;
 - (b) Disruption of the school;
 - (c) Damage or destruction of school property;
 - (d) Damage or destruction of private property on school premises or during a school activity;
 - (e) Assault or threats of harm;
 - (f) Unauthorized use of weapons or dangerous instruments;
 - (g) Unlawful use of drugs, narcotics, or alcoholic beverages;
 - (h) Persistent failure to comply with rules of the lawful directions of teachers or school officials.

Cell Phone Use At Floyd Light Middle School

While cell phones may be invaluable in the event of an emergency, phone calls and text messaging can be an interruption to the learning process and negatively impact student achievement.

Students are not allowed to have their cell phones out during the school day, including during passing times and lunch. If students have their phone out or if it rings/buzzes during the school day, it will be confiscated and returned to the student at the end of the school day. After the first offense, or if a student is caught texting or talking on the phone during the school day, they risk other disciplinary action. In addition, the phone will be confiscated and a parent may be asked to come and pick up the phone. Students may turn their cell phones on and use them after 3:00.

We appreciate the assistance of parents in helping the students comply with this policy. Please do not expect to communicate with your student during the school day by calling or texting their cell phone. If you need to communicate with your student during the school day, please call the school and we will deliver any messages you have. You may be required to come in to the school and pick up your student's phone if they violate this policy.

If you decide to allow your student to have a cell phone at school, Floyd Light Middle School does not have any responsibility if the phone is stolen, broken, lost or vandalized.

Fighting

Students involved in physical altercations where blows are exchanged will be suspended regardless of who starts the fight. If you are able to get away from a fight and don't, it is not "self-defense".

Promoting, Encouraging, and Recording of Fights

Promoting, encouraging or recording fights is strictly forbidden. If you are caught doing anything that promotes violence, you will receive disciplinary action.

Obscenity

Students who write or use obscene language or gestures are a discredit to themselves and to the school. Those who do so, may expect to be disciplined. Blatant profanity may result in suspension.

Public Display of Affection (PDA)

Excessive public display of affection does not show personal dignity or consideration for others. Hand holding, kissing, embracing, lying or standing against each other is not acceptable conduct and warnings will be followed by disciplinary action.

No Sales and Distribution

Floyd Light Middle School is not an open market. Students may not bring items to school to sell or trade. Personal items should not be brought to school with the intent to sell or trade.

Food/Drinks/Gum

Any food or drink, including candy, must only be consumed in the cafeteria and classrooms (by teacher permission). Only water is allowed outside the cafeteria. Floyd Light is a completely gum free zone.

Food is allowed during advisory class also at the discretion of individual teachers.

Summary of Disciplinary Actions

Detention

Detention is a disciplinary action for minor infractions. Most detentions are assigned during the lunch period. An accumulation of assigned days of lunch detention in one semester will result in a loss of full privilege status.

Lunch Detention Guidelines

1. Students are to bring some type of schoolwork to do or a library book to read.
2. If assigned to lunch detention students are to report to the assigned detention room for their recess time. After detention students will be escorted to the cafeteria for lunch. If a student has also lost their full privilege status, they will be assigned to a detention table in the cafeteria where they will remain for the balance of the lunch period.
3. If students are late, an extra day of detention may be assigned.
4. If a student skips detention, extra days will be added or the student will serve after school detention for twice the amount of time. If skipping detention becomes chronic, suspension will be considered.

Student Full Privilege Status

This status is given to all students at the beginning of the school year. It indicates that a student is in good standing at Floyd Light Middle School, and entitles the student to participate in all after-school activities, attend assemblies, attend school social activities and parties, a web leader, and be a spectator at all after-school activities.

If a student fails to show reasonable responsibility, this status will be removed and he/she will lose the above privileges until they are returned by principal or vice-principal.

A student's full privilege status may be removed for any of the following reasons:

1. Suspension from school
2. Behavioral referral(s)
3. Poor attendance or excessive tardies

If a student's full privilege status is removed, the student will be under these restrictions:

1. No participation in any student activities
2. No assemblies
3. Student will be placed on lunch detention
4. Student must leave school at 3:00 PM and not return until 8:00 AM the next morning (Wednesday 9:30)
5. Failure to comply with any of the above penalties could result in suspension

General Information

Daily Planner

Each student at Floyd Light will be issued a daily planner. The student is required to bring it to every class except for P.E. All assignments including due dates and all school activities should be written in the planner. This daily planner will also contain the student handbook. There is a replacement cost is \$5.00 if it is lost or destroyed prior to the end of the year.

Leaving Campus

Floyd Light's closed campus policy means a student is not allowed to leave the school grounds without first signing out in the attendance office. Students must present a note from home or a verbal authorization from a parent, from the nurse, or from an administrator in order to check out and leave the school grounds. A parent must come in the office and sign a student out.

Signing In and Out

A student who leaves school during the school day for any reason must sign out in the office before leaving, otherwise the absence will be classified as truancy. If you arrive late to school for any reason, sign in through the office.

Floyd Light Middle School

Lockers

Lockers are assigned by advisory teachers or office staff and are intended to store belongings needed for school. Lockers are school property and subject to inspection as deemed necessary by school staff. Students are expected to keep lockers clean and orderly, and regularly throw away excess papers, unused lunches, etc.. It is important for students not to share their combinations with anyone. Lockers must be kept locked at all times and may not be shared with another student unless a partner has been assigned by the advisory teacher or the office. Floyd Light is not responsible for the security of a student's locker or its contents. **Therefore, do not bring valuable items to school.**

School Lunch/Breakfast

Students may purchase school lunches in the cafeteria. Payment can be made with cash or a check made to "FLMS." For current lunch prices visit our website at: www.ddouglas.k12.or.us under Parent Resources, or call Nutrition Services at 503-261-8231. Breakfast is free and available from 8:00 to 8:15 am. When students pay in advance for their meals, an account will be set up in our computer lunch system. Students can access their account by scanning their student body card as they go through the lunch line, or by keying in their student ID number. Students may also pay cash as they go through the line. Upon request, any remaining balance will be refunded to the parent at the conclusion of the school year. Meal accounts are non transferable and may only be used by the student who purchases the meals.

Personal Property/Electronic devices/Toys

Personal property, electronic devices and/or toys that interfere with the educational process or endanger the health and safety of students/staff will be confiscated. These items include, but are not limited to laser pointers, cellular phones or any other personal items. If these items are discovered to be in the possession of a student while he/she is in school, they will be taken from the student and held until a parent comes to school to claim the property. **The school assumes no responsibility for loss of or damage to personal property that is not required for student's education.**

School Closures/Delayed Opening

In the event that the weather is so bad children cannot be transported or attend school safely, the district will close school for the day. In some instances, the district may decide to open one or two hours late. Buses will run regular routes but will pick up students one or two hours later than usual. In the event of a delayed opening, school will be dismissed at the regular time of 3:00 PM. School closures and delays are announced between 5:30 and 7:30 AM on all major Portland area radio stations. **Please do not call the school.**

Fines

Students may be assessed fines for lost PE locks, unpaid lunch loans, damaged textbooks or failing to return athletic or music uniforms. Students who do not pay fines will not be eligible to attend any of the end of year celebrations.

Student I.D. Cards

Student Body Cards/ID Cards will be given to all students at the beginning of the school year. Students are required to show their card for admission to school activities throughout the year. Student Body Cards are also used to purchase school lunches. The card is scanned as students go through the lunch line and the amount of the lunch is automatically deducted from the student's account.

Students who lose their card must pay a \$5.00 replacement fee.

WEB (Where Everybody Belongs)

WEB is Floyd Light's transition program that welcomes new students and makes them feel comfortable throughout the first year of their middle school experience.

Built on the belief that students can help students succeed, **WEB** trains members of the eighth grade to be **WEB** Leaders. As **POSITIVE** role models, **WEB** Leaders are motivators, leaders and teachers who guide sixth graders to discover what it takes to be successful in middle school.

A year with **WEB** begins with a spirited and

Floyd Light Middle School

INTERACTIVE orientation at the start of the school year. After a general assembly, the **WEB** Leaders lead their group of eight to ten sixth graders through a series of fun, positive activities designed to help them all get to know each other as well as learn important campus information. These activities also spark discussion and thought regarding the upcoming responsibilities, choices and challenges of being in middle school. The goal of the day is to welcome the sixth graders to their new campus and encourage them to think about the path they will take during the upcoming years.

After orientation, **WEB** continues providing a variety of both Academic and Social Follow-Up Activities throughout the year. The Academic Follow Ups are lessons presented by trained **WEB** Leaders during visits to classes. These lessons are designed to give sixth graders the skills needed to be successful during their middle school years and beyond. Social Follow-Ups provide social settings for the **WEB** Leaders and their groups to reconnect and further build relationships outside the classroom. The goal of the year long **WEB** transition program is to provide a structure in which students make real connections with each other. Through this program students learn that people at school care about them and their success.

Visitors

The district is responsible for the schools' supervision and administration. To ensure that school work is not disrupted and that visitors are properly directed to the areas in which they are interested, all visitors to district facilities must report to the school office upon entering school property. We welcome parents who would like to visit a classroom. Please call the school prior to arriving so we can notify the staff.

Sports

Physical Exams Policy

David Douglas School District Policy requires that all middle school and high school students have a physical

examination by a medical doctor on file with their school administrative or athletic office before the student may participate in district sponsored athletic programs. For most students, this will occur on entry to the seventh and ninth grades.

All physicals must be dated no earlier than the month of May prior to the first year of participation in middle school and high school.

All students who transfer into David Douglas Schools must have a physical examination card on file prior to participation in district sponsored athletic programs.

Students in the eighth, tenth, eleventh and twelfth grades, who have had a valid physical examination form on file with their school, will only need to submit an Interim Release Form signed by their parent or guardian to continue participation in district sponsored athletic programs.

Additional requirements for physical examinations will be determined on an individual basis. Example: an athlete recovering from a chronic illness, injury or surgery could be required to provide a medical release signed by a physician before reentering the school athletic program.

Athletic and Activities Bus Runs

The David Douglas School District provides buses to transport students home after most athletic events (practices and games) and for certain activities, such as S.U.N.. Activity run bus stops are close to, but not exactly at the same location as regular stops. Activity route stops will be distributed to students shortly after the athletic season begins. Only students participating in approved after school events are eligible to ride the activity buses.

Student Health Services

To support students' health, safety, and academic success our district provides school health services in partnership with the Multnomah Education Service District (MESD).

Floyd Light Middle School

To provide for your child's special medical or mental health needs (for example diabetes, seizures or school anxiety) it is important to promptly tell the school and school nurse:

- About new and changing health problems that can cause learning or safety problems at school.
- If your child is undergoing treatments that affect their immune system.
- When your child has a health condition need that requires specialized care at school.

Before and After School Programs

If your child is enrolled in a "before or after school program" and needs medication/health assistance during these times, a separate supply of medication and a separate permission form from parent and/or doctor is needed. Consult with the program director regarding specific health and safety needs for your child in these programs.

Contagious Conditions

To decrease the spread of contagious conditions in schools:

- Tell the school if your child has a contagious disease such as chicken pox or pertussis (whooping cough)
- Do not send your child to school with a rash, fever, diarrhea or vomiting, and keep home 24 hours after fever subsides
- To protect the health of students or other persons, certain diseases are reportable to the health department per law (OAR 333-18-000.) At such times, records and information may be disclosed to public health officials.

Emergency Information

The school must have a way to reach you in an emergency. Tell the school immediately about changes in work and home addresses and phone numbers for both you and emergency contact persons. It is helpful if phones are set up with a mailbox for messages.

Head Lice

Parents are encouraged to check their children regularly for head lice. Students with live lice or nits will not be excluded from school, but will be allowed

to remain for the rest of the school day. Lice treatment information will be sent home with those who have either nits or lice. Please review the school district policy for clarification. All students may return to school after treatment has begun, and may be rechecked for live lice. Current evidence does not support classroom or school-wide screening as a measure for decreasing the incidence of head lice among school age children; such practices can deny students their right to privacy and to educational time.

Health Information

- Health information may be shared with school personnel on a "need to know" basis when information about your child's health is necessary for school personnel to care for and respond to your child's needs and if this information is needed by the school team to develop an individualized education plan that appropriately considers the health needs of your child.
- When you do not authorize release of health information, it may limit the type of care your child is able to receive.
- By allowing release of your child's health information, you will ensure that your child will receive needed emergency health care should the need arise.
- Parents (and their eligible students) may generally access their own child's record and can request an amendment if they believe the record is inaccurate, misleading, or in violation of the student's rights of privacy.

Health Screenings

Oregon Law says that vision screenings shall be done to help find children's health problems. The nurse oversees these screenings. The usual screening schedule is:

Hearing: Grades Kindergarten, and 1

Vision: Grades Kindergarten, 1, 3, 7

If you do not want your child included in these screenings you must submit a written request to the school each school year. Screening results for hearing and vision are sent home to parents.

Immunizations and Oregon Law

- To protect all children, every student must have a current school immunization record or a medical or religious exemption at school. Students not in

compliance with immunization requirements may not attend school and will be excluded on state mandated exclusion days (3rd Wednesday in February).

- It is important to keep your child's school immunization record up-to-date. Check with your school's office if you need forms.
- Upon written request from parents/guardians for release of information (form available at <http://www.mesd.k12.or.us/shs/hss/immunizations/immu1.pdf>), the MESD Immunization Program will provide vaccination dates to clinics as needed to assess immunization histories of their clients. These efforts increase protection of children against vaccine-preventable diseases and promote efforts by parents and schools to comply with school mandated immunization requirements.

School Nurses

The School Nurse is a registered nurse (RN) and is a key person for keeping students safe and well. No appointments or special permission are needed for students to see the nurse. Students must follow the school's rules about having passes to go to the nurse. School nurse is at the school only one day a week (Wednesday). If the nurse is not available, staff trained in first aid can help children who become sick or injured at school.

The nurse will get necessary information (for example, a health history, medical diagnosis and treatment) to assist students with special medical and mental health needs at school. The nurse may use this information to train school staff how to help your child at school. In order to obtain this information, the nurse may:

- Talk with parents, students
- Request that you sign a release of information form to discuss your child's health needs with the school staff and health care professionals
- Use questionnaires
- Look at health records
- Check out a body area (examples: listen to the heart, feel the skin, look in the ears)

The nurse may help teach about good health practices (examples: healthy eating, good hand washing, and social skills). You may call the school if you would like to meet with the nurse.

School Health Assistants

In addition to the School Nurse, some schools have a School Health Assistant (SHA) on site to assist students. The SHA is not a nurse, but works under the direction of the nurse. SHAs provide basic first aid, administer medication, process immunization records, assist with health screenings, and provide delegated health care.

Medication Administration at School

The school's nurse provides consultation about medication administration that must occur at school.

Only medication that is necessary to be given during the school day will be kept at school.

Remember to **ask your medical provider if your child's medication can be given outside school**

hours. This is safer for your child and easier for you.

By Oregon law, if medication must be given at school, you must:

- Provide written permission (forms are available at school). Any change to the medication will require the parent to update the medication form at the time of the change.
- Make sure all medication (prescription and over the counter) is in its original container and marked with the student's name. (Ask the pharmacist for an extra bottle for school when getting prescriptions.)
- **All medication must be delivered to school by the parent or responsible adult designated by the parent.** Students may not keep medications with them unless they are age-appropriate for the responsibility, have been identified as a self-manager, have written parent permission, and are cleared by the principal to do so. Students may carry only a single day's supply of medication.
- Make sure the school has an adequate supply of all medications required by your child.
- Pick up the medication when it is no longer needed at school. **All medication not picked up by the end of the year will be destroyed.**

Behavior Expectations

Positive Behavioral Interventions and Supports (PBIS)

Several recent studies have shown that punishment alone does not change student behavior. Just like academic subjects, behavior must be taught, practiced, and reinforced. This is the heart of the PBIS system. We teach school-wide expectations, provide opportunities for students to practice these expectations, and positively reinforce students who are demonstrating the expectations.

Students still have consequences, but they are coupled with education and the re-teaching of expected behaviors.

We expect all students to display these three traits for both their school environment and the people around them:

Be Respectful

- Self
- Others
- Property

Be Responsible

- Accountability
- Maturity

Be Safe

- Physical
- Emotional

SUN **(Schools Uniting Neighborhoods)**

In Multnomah County, SUN Community Schools are full-service neighborhood hubs where the school and partners from across the community come together to support student and family success. All schools in David Douglas School District are part of the Community Schools network, and Floyd Light has been a SUN School since 2009. The lead agency coordinating SUN services at our school is El Programa Hispano, a trusted provider of social services that specializes in outreach to the Hispanic community. SUN Community Schools strategically organize community resources to provide educational support and skill development for youth and adults, extra enrichment activities outside of the regular school day, and family and community events. The SUN Site Manager also connects families to social, health, and mental health resources available through El Programa Hispano and within the broader SUN Service System. At Floyd Light, SUN staff coordinate our on-site Food Pantry (sponsored by Oregon Food Bank), provide academic support and recreation opportunities during the SUN Extended Day, and offer adult education and family strengthening workshops throughout the year.

SUN activities are open to all Floyd Light students. Parents/guardians must complete a SUN Registration form for each participating child before students can enroll in SUN classes. Specific information about SUN classes is available through the SUN Activity Guide, which is released a few weeks before each term. At Floyd Light, Fall, Winter, and Spring SUN classes are filled on a first-come, first-served basis and a wait list is implemented when maximum capacity is reached. With few exceptions, SUN classes are offered at no cost to families and include a free meal after school, two hours of activities, and transportation home by way of the Activity Bus. The Activity Guide will be available in September and information about subsequent terms will be communicated in newsletters, student bulletins, and via school-wide phone calls throughout the year.

Please call the SUN Office at 503-256-6500, x8744 with questions; our staff is bilingual (English/Spanish) and would love to talk to you about how SUN can support your family. For more information about the SUN Service System, the research and history behind this model, and outcomes at Community Schools, visit <https://multco.us/sun>.

Student Rights and Responsibility

• A CODE OF CONDUCT •

STUDENT CONDUCT CODE

Introduction, philosophy, legal basis

This document is designed to be a reference for students and parents in order to help all learn and contribute to a positive, respectful environment in our David Douglas Schools. We believe that staff, students, parents, and guardians should work together in order to provide a safe and respectful environment for each and every member of our community.

In compliance with Oregon Statutes, the School Board of the David Douglas School District accepts its responsibility for adopting rules for the general governance of the schools and for the maintenance of discipline. The Board continually strives to maintain a school climate that is free from discrimination, morally and spiritually wholesome, safe, and healthy. One method of accomplishing these goals is to spell out, in clear and concise language, students' rights and responsibilities, develop understandable rules on student conduct, and maintain an orderly and consistent procedure for dealing with violations.

Oregon law addresses student discipline, suspensions, expulsion, and codes of conduct, as well as property damage, threats and injuries to students and school employees in Chapter 339 of the Oregon Revised Statutes. Section 21 of the Oregon Revised Criminal Code provides for the use of reasonable physical force in the schools. The David Douglas School Board believes that every individual must share the rights, the duties, and the responsibilities in the operation of an efficient public school institution.

Careful attention has been given to procedures and methods that have the goal of being fair and consistent to all students. The objective of disciplining any student is to help the student realize the connection between his/her actions and the appropriate consequences in an attempt to teach personal responsibility, work ethic, and responsibility toward others. Students and parents/guardians need to be aware that students may be denied participation in extracurricular activities as a result of disciplinary action. In addition, titles and/or privileges granted to students may also be revoked (e.g. valedictorian, student body class or club office positions, participation in school activities, prom, etc.). A referral to the appropriate law enforcement agency for legal action may result, if appropriate.

We thank all students, staff, parents, and guardians in advance for each individual's cooperation in working towards creating a safe and welcoming environment for all who enter our David Douglas Schools to learn.

ATTENDANCE

Oregon Law requires parents/guardians to see that children between the ages of six, five if enrolled, and 18 years attend school regularly. Schools will inform parents/guardians of student absences. Parents/guardians are encouraged to contact the school if there is a concern about absenteeism. When a student's attendance is so erratic that he or she is not benefiting from the educational program, the principal or designee will notify the student and parent/guardian and develop a plan for support.

State law requires schools to withdraw students who are absent ten consecutive school days for any reason. ([OAR 581.023.0006\(11\)\(c\)](#))

Good attendance is essential to providing the greatest opportunity for the student to learn and develop habits that result in responsible behavior. It is vital that parents and the school communicate and work together to maintain good attendance for our students' success. In accordance with Oregon School Law, the school must determine whether an absence may be prearranged or is to be excused. A note written by a parents or guardian **does not** necessarily constitute an excused absence.

A student absent from any class without permission will be considered truant and may be subject to disciplinary action. Students not attending at least 90% of the time may be notified of irregular attendance via letters, phone calls, home visits, or possible truancy letters outlines by district chronic attendance protocols.

ATTENDANCE POLICY:

A reasonable attempt will be made by school personnel to contact a parent/guardian when a student is absent from one or more classes.

1. Parent/guardians are asked to call the students' school if he/she knows the student will be absent during a certain day or days.
2. After ten (10) consecutive absences the student will be withdrawn from school and the parent/guardian will be required to re-enroll the student.

In accordance with Oregon School Law, David Douglas Schools reserve the right to determine whether the absence is excused or unexcused.

EXCUSED/UNEXCUSED ABSENCES

Oregon School Law (ORS.339.065) states, "an absence may be excused by a principal or teacher if the absence is caused by the pupil's sickness, by the sickness of some member of the pupil's family, or by an emergency. A principal or teacher may also excuse absences for other reasons where satisfactory arrangements are made in advance of the absence."

A student who has been absent because of illness or family emergency must present a written excuse from a parent or guardian describing the reason for the absence within **one school day** after returning to school.

Emergencies will be classified as those situations of major importance that affect family and home. It is the school's responsibility to determine if the absence was due to an emergency.

Absences other than those listed above will be unexcused. Students receiving unexcused absences may not be given credit for the schoolwork missed during that time. Although credit may not be given, students are expected to keep abreast of the schoolwork that must be completed to fulfill the requirements of a course. Examples of unexcused absences are:

- truancy (skipping);
- failure to bring a written excuse by a parent/guardian within **one** school day following the absence;
- leaving school during the day without properly checking out in the office;

- baby-sitting or home duties;
- nonattendance on any school day that students organize as a “Skip Day”, such as “Senior Skip Day”, are not sanctioned or approved by school policy or by the administration;
- arriving for class **five minutes after the bell** is rung, and/or
- working on class projects instead of attending a regularly scheduled class.

If a student is absent two days or less, he/she can pick up his/her make-up work upon his/her return. For extended absences (three days or more) parents/guardians can request that homework be sent home. Please give one day of notice to the school when requesting homework.

PREARRANGED ABSENCE POLICY

The David Douglas Staff recognizes that all learning does not occur at school. We support student-learning experiences that may take students away from campus for up to five school days per semester.

For any excused absence, a student will be allowed an extension of at least one class period for each day absent.

ATTENDANCE STANDARDS

1. In order for a student to participate in a school activity, **he/she must** attend school for the entire day. A student missing any class period on a day of participation must have administrative approval prior to being allowed to participate.
2. When a student anticipates a missed class due to a school activity, it is his/her responsibility to notify the teacher at least one day in advance. It is the responsibility of the student to acquire the missed assignments, turn in the makeup work, and keep up with all assignments and class requirements.

Students with chronic attendance problems may receive an Activity Suspension.

Note: Please refer to your child’s student handbook for specific attendance information related to your child’s school.

Misconduct by a student which negatively impacts the safe orderly operation of the bus or school may cause a forfeit of the student's privilege to ride the buses.

Teachers or other authorized school district personnel shall accompany students on all field trips and shall assume responsibility for their proper conduct.

DRESS CODE

The responsibility for the dress and grooming of a student rests primarily with the student and their parent(s) or guardian(s). The district's dress code is established to create a positive school culture and enhance academic success by providing a supportive learning environment, preventing disruption, and avoiding safety hazards. Student attire and grooming must permit the student to participate in learning without posing a risk to the health or safety of any student or school district personnel.

The district expects student dress and grooming to meet standards which ensure that either of the following conditions does not exist:

- disruption or interference with the classroom learning environment, and/or
- threat to the health and/or safety of the student concerned or of other students.

ALLOWABLE DRESS AND GROOMING:

- Students must wear clothing including both a shirt with pants, dress, skirt, or shorts, or the equivalent, and shoes.
- An adequate coverage of the body is required.

The responsibility for the dress and grooming of a student rests primarily with the student and his or her parent(s)/guardian(s). It is expected that all parent(s)/guardian(s) review our district dress code with their student(s) at the beginning of each school year.

STUDENT RESPONSIBILITY:

All students are responsible for complying with the district dress code during school hours and while representing the school (e.g., athletics, activities, etc.)

STAFF RESPONSIBILITY:

To equitably enforce our district dress code, teachers, administrators, and all school staff must be notified at the beginning of the school year in regards to its purpose and spirit, and how to enforce it in a way that does not shame students or disproportionately impact certain student groups. Staff should be guided by the dress code and follow the letter and spirit of the dress code.

ENFORCEMENT:

In no circumstance shall an adult speak with a student about a dress code violation in front of other students unless it involves the removal of a hat, hood, any other head covering, sunglasses, and/or masks.

- Students found in violation of these standards may be asked to change the clothing that does not meet the standard.
- Staff discussing a dress or grooming violation with a student should present options for obtaining appropriate clothing (e.g., extra clothes in locker/backpack, school clothes closet, etc.)
- When possible, students will be provided the opportunity to wear school-owned replacement garments. Students should never be required to wear specific garments as a disciplinary measure.
- If the student does not have extra clothing to change into, they may be asked to call home and have parent(s) or guardian(s) bring appropriate clothing. Every attempt will be made to minimize a loss of instructional time.

We realize that the tobacco policy may create a hardship for students who use tobacco. David Douglas Schools will extend help to those who would like to quit using any kind of tobacco product. Students who are interested in this kind of help should contact their school counselor.

Violators of the drug/alcohol/tobacco policy will be referred to an administrator. Multiple offenses will result in a referral to a David Douglas School Resource Officer for possible legal action. Students who continue to violate the drug/alcohol policy will be subject to suspension or expulsion.

The purpose of this policy is to ensure the exercise of these rights with due regard to the rights of others and the need for reasonable restrictions in the operation of the public school system.

HARASSMENT

David Douglas School District's policy on harassment is based on the principle that respect and tolerance are essential for a positive and productive learning environment. Furthermore, the policy is supported by a district policy that specifically prohibits harassment, as well as state and federal regulations that hold schools liable for not processing complaints vigorously and fairly. David Douglas School District staff believes very strongly that we must be vigilant and proactive in defining, identifying, and instituting techniques to prevent harassment. We take this issue very seriously, and **we will not condone racial, ethnic, sexual, gender based/transgender or any other kind of harassment**. Specifically harassment is defined as follows:

"Harassment, intimidation or bullying" means any act that:

- a) substantially interferes with a student's educational benefits, opportunities, or performances;
- b) takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop;
- c) has the effect of:
 - physically harming a student or damaging a student's property;
 - knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property;
 - creating a hostile educational environment, including interfering with the psychological well-being of a student, or
- d) may be based on, but not limited to, the protected class status of a person.

"Protected class" means a group of persons distinguished, or perceived to be distinguished, by race, color, religion, sex, sexual orientation, national origin, marital status, familial status, source of income, or disability. ORS 174.100 and 339.351.

1. **Intimidation / Bullying:** Behavior that substantially interferes with a student's educational benefits. Such behaviors might include, but are not limited to, making inappropriate comments to or about someone, telephoning in an inappropriate manner, baiting, calling names, or encouraging others to do so. ORS 339-351.
2. **Cyberbullying:** The use of any electronic communication device to harass, intimidate, or bully. Cyberbullying may include the distribution of emails, flyers, photos, and text messages.
3. **Racial / Ethnic:** Any written or verbal comment that disparages a person's race, religion, and/or ethnic origin will be considered to be harassment. Some examples of this are crude remarks written on a student's locker or spoken in the hall, passing a note that contains racial/ethnic slurs, etc. Appropriate disciplinary action will be taken against the harasser; this may include suspension or expulsion.
4. **Sexual Harassment:** The David Douglas School District is committed to maintaining a learning environment free of sexual harassment. For purposes of these guidelines, the following behaviors by one student to another, by a staff member to a student, or by a student to a staff member may be defined as sexual harassment:
 - unwelcome sexual flirtations, advances, or propositions;

RIGHTS AND RESPONSIBILITIES

Harassment, Bullying, Sexual Harassment

- graphic verbal or written commentaries about an individual's body or attire (i.e. graffiti with sexual personal messages or a drawing of suggestive objects on a notebook);
- sexually explicit or offensive joking;
- snapping of bra straps or pulling on any other kind of underwear;
- pulling down gym clothes or other type of clothing;
- touching or grabbing inappropriate parts of the anatomy;
- making unwelcome and suggestive sexual remarks;
- subtle pressure or requests for sexual favors;
- other verbal, visual, or physical conduct of a sexual nature, and/or
- any written or verbal comment that disparages an individual's sexual orientation.

HARASSMENT COMPLAINT PROCEDURE:

Any student who believes he/she has been subjected to harassment as defined above should *immediately report the incident to the nearest school staff person or go directly to the office or a counselor to report the incident.* If the report has been made to a counselor or staff person, he/she should report it to an administrator. The administrator will investigate the complaint and respond to the student making the complaint at a conference held within five (5) days of being notified.

At the request of the student or the student's parent, confidentiality will be maintained. However, it is often more difficult to investigate a complaint thoroughly without disclosing the name of the complaining student. If the name of the victim of the harassment is disclosed, the administration will take steps to ensure that no retaliation or reprisals occur against that person. Appropriate disciplinary action will be taken against the harasser. (Changes to the above procedure may be made if an administrator is named in the complaint.)

It must be emphasized that harassment of any kind will be dealt with to the fullest extent, meaning that a long suspension and/or expulsion is possible. Students should not rationalize any behavior fringing on harassment as "just having fun" – there is no such thing as having fun at another person's expense.

INTERNET ABUSE/ELECTRONIC DEVICES

USE OF INTERNET:

The computers and computer network at David Douglas Schools are resources for students. It is expected that students will treat all school electronics with care and respect. David Douglas computers are connected to local networks and the World Wide Internet. A small part of the Internet may contain material that a parent/guardian and/or students may find objectionable.

Unauthorized or inappropriate use of the Internet and/or computer, copier, or printer is not permitted. Computers are to be used for school assignments only. Any other use, including but not limited to, inappropriate use of the Internet, playing games, or personal email is not allowed. Loss of computer privileges will result from such conduct.

CYBERBULLYING:

Cyberbullying is the use of any electronic communication device to convey a message in any form (text, image, audio, or video) that defames, intimidates, harasses, or is otherwise intended to harm, insult, or humiliate another in a deliberate, repeated, or hostile and unwanted manner under a person's true or false identity. David Douglas School District will not tolerate cyberbullying. (See Harassment)

ELECTRONIC DEVICES:

Electronic devices (including ear buds/headphones) are allowed only if used at the discretion of a teacher for class activities. Otherwise, electronic devices may be taken away **if displayed during school hours**. If it is the second offense, a parent/guardian will be asked to pick up the device from school. Personal computers, cell phones, radios, CD/MP3/iPods or other amplified devices, laser pointers, or cameras are considered a distraction to the learning process when displayed during school hours, credit recovery, or summer school.

Electronic devices used inappropriately by students will be subject to confiscation during school hours. Any student using an electronic device during the course of an investigation may be subject to search of the contents of that item. Also, students who bring electronic devices to school do so at their own risk; the school is not responsible for lost or stolen items.

WARNING: District and school staff and school resource officers are not responsible for lost or stolen electronic devices.

**THREATS TO DISTRICT EMPLOYEES OR STUDENTS**

David Douglas School District Board of Education is committed to promoting healthy relationships and a safe learning environment. To this end, David Douglas School District will not tolerate any form of threats, targeted lists, intimidation, harassment, or coercion directed against district employees or students. Expulsion of one year or more may be strictly enforced.

Staff must report to the principal any student who exhibits one or more of the following violence risk behaviors:

- threats to kill someone using a weapon or dangerous instrument;
- exhibits violent behavior in the classroom or any area of the school grounds, and/or
- threatens violent behavior in the classroom or area of the school grounds.

Violent behavior means physical violence against another human being that inflicts serious injury or death.

When a student makes a threat or exhibits behavior, the procedures outlined below are followed:

1. Staff member(s) observing the behavior or are made aware of the behavior will report the situation to the principal immediately.
2. The building principal will immediately remove from the classroom setting any student who has threatened to injure another person or to severely damage school or employee property.
3. The student will be placed in a non-classroom setting where the behavior will receive immediate attention from the building principal or designee.
4. The principal or designee will investigate the threat to determine the credibility of the threat. During the investigation period the student will remain under that supervision of the principal or designee.
5. The principal will follow county threat assessment protocols and will notify the superintendent's office, student services office, a school resource officer, and parent(s)/guardian(s) of the student if the threat is deemed credible.
6. A credible threat of violence will result in suspension from school and possible expulsion. The employee against whom the threat is made and the employee who reported the threat will be notified of the District's decision unless prohibited by statute.
7. Safety assessments will be required for students who have made a credible threat of violence before the student is allowed to return to the classroom setting.
8. The administrator will meet with the employee against whom the threat was made and his/her representative to discuss the results of the assessment unless prohibited by state and federal law.
9. The building administrator shall notify students and school employees who are the subject of credible threats of violence of these threats in a timely manner. Notification shall be attempted by telephone or in person within 12 hours of learning of the threat. Regardless, a written follow-up notification shall be sent within 24 hours of learning of the threat.

Oregon Law requires school districts to expel students who bring and/or possess deadly weapons to school for a period of not less than one calendar year, which is subject to limited modification on a case-by-case basis. Such expulsions shall be reported to law enforcement.

Under the Oregon statute, “deadly weapon” is defined as “any instrument, article, or substance specifically designed for and presently capable of causing death or serious physical injury.” This includes, but is not limited to firearms, noxious gasses, knives, chains, brass knuckles, blackjacks, and bombs.

Oregon Law requires school districts to expel students who use, attempt to use, or threaten to use dangerous weapons on school property or at school events or activities for a period of not less than one (1) calendar year, which is subject to limited modification on a case-by-case basis. Such expulsions shall be reported to law enforcement.

Under the Oregon statute, “dangerous weapon” is defined as meaning “any weapon, device, instrument, material, or substance which under the circumstances in which it is used, attempted to be used, or threatened to be used, is readily capable of causing death or serious physical injury.” This includes, but is not limited to pens, pencils, compass, rat-tail comb, ice pick, air gun, BB gun, mace, pepper spray, and chains.

**DISCIPLINE IN THE DAVID DOUGLAS SCHOOLS**

David Douglas schools have a fine tradition of good discipline. However, parents, teachers, and administrators have asked that the rules governing discipline and conduct be documented so that each group may know what is required. They feel, by working together under clearly stated and consistently enforced regulations, we can continue David Douglas' tradition for firm and fair discipline.

DEFINITION:

Discipline is the positive direction of behavior toward established standards of conduct, fully understood, and based upon reason, judgment, and the rights of others.

Ideal discipline is self-directed and self-controlled. Schools, community, and parents/guardians share the responsibility for helping students develop self-discipline.

Discipline is necessary to assure an orderly environment in which each person may live and learn to his/her full capabilities in harmony with others.

When self-control falters and self-discipline fails, disciplinary forces outside the individual must be imposed to protect the right of others.

In David Douglas schools, as in the community at large, certain rules and procedures are established to guide students through constructive growth and into mature adulthood.

The rules and procedures are basically the same from pre-kindergarten through grade 12. Parents/guardians, teachers, and others responsible for the welfare and education of these students must cooperate to interpret and enforce these rules.

- (A) For non-accidental conduct causing serious physical harm to a student or school employee;
- (B) When a school administrator determines, based upon the administrator’s observation or upon a report from a school employee, that the student’s conduct poses a direct threat to the health or safety of students or school employees; or
- (C) When the suspension or expulsion is required by law.

- Note:**
1. • Signifies the progression of consequences for violations from the minimum to the maximum.
 2. The District will report any illegal activity to the proper authorities.

**SUSPENSION**

Suspension temporarily removes from a student the privilege of attending school, school activities, or being on any David Douglas School premises. Absences due to suspension are unexcused. Ordinarily a suspension will not exceed five school days, but in special circumstances, a suspension may be extended up to ten school days until some specific pending action occurs such as a court hearing, an expulsion hearing, or review by a probation officer. Suspensions are determined by a school administrator.

Note: All suspensions and expulsions in Grades PK-5 must follow requirements of SB 553.

SUSPENSION PROCEDURES:

1. The student is informed the suspension is being considered and is given the reason(s) for such action.
2. The student is given the opportunity to explain his or her side of the issue.
3. If the principal or vice-principal feels the suspension is warranted after hearing the student's explanation, the student is informed he or she is suspended, the time the suspension will start, and the length of the suspension.
4. The parents are notified (if possible) of the suspension and the reasons for the action.
5. A letter is mailed or given to the parents/guardians stating the specific reasons for, and the length of, the suspension. The letter will also request that the parents/guardians contact the school for an appointment for a re-admission conference with the administrator and the student.
6. During the conference, the student's record will be reviewed in efforts to determine steps that need to be taken by the school, the student, and the parents/guardians to ensure success.

**EXPULSION**

Expulsion denies the student attendance at school or school activities for up to one calendar year. (ORS 339.250)

Note: All suspensions and expulsions in Grades PK-5 must follow requirements of SB 553.

EXPULSION PROCEDURES:

1. The student is suspended pending investigation for a possible expulsion.
2. All procedures for suspension will be followed except that the letter to the parents/guardians will also state that expulsion is being considered.
3. If the administrator is considering expulsion, the parents/guardians and student will be notified by letter. This letter will explain that the parents and/or student may arrange for an expulsion hearing with the district superintendent. A copy of this letter will be forwarded to the superintendent. Request for an expulsion hearing must be made to the superintendent within five days of the receipt of the expulsion letter.
4. The parents/guardians and student may provide a person of their choice to administer advice and counsel at the expulsion hearing.
5. At the expulsion hearing, the parents/guardians and student may discuss the expulsion and present any information that is pertinent; however, strict "rules of evidence" will not apply to the hearing.
6. The hearings officer and/or administrator will, within three days, inform both parents/guardians and the principal (in writing) of the results of the review hearing.
7. Students have the right to appeal the results of the expulsion hearing to the superintendent or designee.

HANDBOOK DEVELOPMENT AND COMMITTEE MEMBERS

Beginning in spring of 2009, a group of teachers and administrators met to create a handbook that contained the rights, responsibilities, and discipline policy for all students in the David Douglas School District.

This handbook will be given to all David Douglas students and staff and will be posted on the David Douglas District website. It will be reviewed annually by a committee comprised of an equal number of teachers and administrators. This first edition of the handbook represents the David Douglas School Districts' "Student Rights and Responsibility – A Code of Conduct."

The committee members who collaboratively developed the first edition of his handbook for 2009-2010 are:

Kathy Edmondson – Teacher, Cherry Park

Cari Harris – Teacher, David Douglas High School

Debbie Hagen – OSEA Representative

Ericka Guynes – Principal, Earl Boyles Elementary

Duane Larson – Assistant Principal, Alice Ott Middle School

Sharon Webster – Assistant Principal, David Douglas High School

Natalie Osburn – Assistant Superintendent, Secondary

Equal education opportunity

No person shall, on the basis of age, disability, marital status, national origin, race, or sex, be subjected to discrimination under an education program or activity administered or authorized by the Board of Directors.

David Douglas Public Schools will ensure that all students with disabilities ages 5 through 21 residing within its attendance area have available to them a free and appropriate public education in the least restrictive environment. The rights of children with disabilities and their parents will be protected in accordance with state and federal laws.

The district provides specially designed instruction for students with special education needs. Support services in speech correction, reading and home tutoring are also available. Students with greater academic or therapy needs may receive services from the Multnomah Education Service District or other county or state agencies. All special education services including testing and transportation, where appropriate, are provided without charge to parents.

The district must locate and identify students who have disabilities. If you, or someone you know, has a child with a disability who may be in need of special education or related services, you can initiate a referral through your local school or contact the district compliance coordinator (Student Services Director) at 503-261-8209.
