

Federal Resume Format

Federal resumes should include the following sections:

JOB INFORMATION

Announcement number, title, series and grade of job for which you are applying.

PERSONAL INFORMATION

Full name, mailing address with ZIP code, phone number with area code, Social Security number, country of citizenship, veteran's preference.

SUMMARY

Written in the third person, describing overall skills and abilities as they relate to your career and the job announcement.

EDUCATION

High school (name, city, and state and date of diploma); Colleges or universities (name, city and state, concentration, certificates, type and year of any degrees)

PROFESSIONAL EXPERIENCE

Job title, duties and accomplishments, employer's name and address, supervisor's name and phone number (and indication of whether your current supervisor can be contacted), starting and ending dates, hours per week and salary. Reference key skills from the job announcement and describe your accomplishments as they relate to those skills.

OTHER QUALIFICATIONS

Training courses, technical and language skills, certificates and licenses, honors, awards and accomplishments.

Accomplishments can include publications, professional memberships, leadership activities, public speaking engagements, athletics, and other information relevant to the job announcement.

You can also find more information about what to include in a federal resume on www.usajobs.gov.

Tips

- * Use the **USAJobs Resume Builder** to create your federal resume. It walks you through the sections step-by-step and ensures your resume is in the correct format. You may create and upload several resumes and tailor each of them to fit different positions.
- * Avoid bold fonts and horizontal lines. Your resume should be scannable and easy for the Applicant Tracking System to understand.
- * Describe job duties and activities in paragraph or bullet form.
- * Use the active voice when writing about your experiences.
- * Begin each work experience with a description of overall duties in paragraph form followed by paragraphs or bullets describing accomplishments. Relate these accomplishments to the job announcement.
- * Job announcements often refer to KSAs, which are knowledge, skills and abilities. These are used to determine whether an applicant is qualified for the role. Think of KSAs as a way of writing your bullet points. Describe your knowledge in a particular area, the skills you gained (e.g., technical, language and soft skills) and your ability to perform a task. Your resume must include KSAs in addition to specialized experience and keywords from the job announcement.
- * Federal resumes should be between 2-5 pages. Describe your accomplishments in full detail and list all activities and work experience. Use numbers to quantify your accomplishments whenever possible.
- * Federal resumes require details on college coursework, papers, projects, recognitions, internships, athletics or other college activities, part-time jobs and volunteer positions. The skills you gain during these experiences is what is important — it does not matter if the activities were paid or unpaid.
- * Some jobs allow the option to upload your own document; others require that you use the USAJobs.gov Resume Builder.
- * You may also upload a a master federal resume to USAJobs that provides a general overview of your skill sets and experience that HR specialists can find when they are actively recruiting for positions.

Example

TANYA TIGER

123 Namey Street, Apt 5, Washington, D.C. 20001
tatiger@princeton.edu, (111) 222-3333
