

# CDC FACILITIES COVID-19 SCREENING

Accessible version available at <https://www.cdc.gov/screening/>

Today's Date

## PLEASE READ EACH QUESTION CAREFULLY

**1.** Have you experienced any of the symptoms in the list below in the past 48 hours<sup>1</sup>?

- Fever or chills
- **New or unexplained** onset of cough, shortness of breath, or difficulty breathing
- **New or unexplained** loss of taste or smell
- **New or unexplained** muscle aches

YES   Access to CDC Facilities Not Approved

NO  Proceed to Question 2

**2.** Are you isolating because you tested positive for COVID-19<sup>2</sup> or are sick and suspect that you have COVID-19 but do not yet have test results<sup>2</sup>?

YES   Access to CDC Facilities Not Approved

NO  Proceed to Question 3

**3.** Have you been exposed to the virus that causes COVID-19 in the last 10 days<sup>3</sup>?

YES  Proceed to Question 4

NO  Proceed to Question 5

**4.** Did you have a negative COVID-19 test result from a test taken 5 full days after your last exposure to the person who tested positive for COVID-19? (If it hasn't yet been 5 full days since your last exposure, select "YES").

YES  Proceed to Question 5

NO   Access to CDC Facilities Not Approved

**5.** Have you traveled internationally in the past 10 days?

YES   Access to CDC Facilities Approved with Conditions<sup>4</sup>

NO   Access to CDC Facilities Approved

<sup>1</sup>This symptom list was developed using a scientific approach by CDC scientists who reviewed the literature and studies to determine which symptoms are most predictive of COVID-19. If you have had any of these symptoms in the last 48 hours, DO NOT physically return to the workplace until symptoms have been improving for more than 48 hours. If you have a medical condition that causes any of these symptoms and you need access to a CDC facility within the next few days, you will need a waiver from CDC's Occupational Health Clinic (OHC). To begin the waiver process, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (<https://forms.office.com/g/4JzcJbMxTV>).

<sup>2</sup>Regardless of vaccination status, you should isolate (<https://www.cdc.gov/coronavirus/2019-ncov/your-health/isolation.html>) from others when you have COVID-19. You should also isolate if you are sick and suspect that you have COVID-19 but do not yet have test (<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/testing.html>) results. If you have questions about when it is safe to return to the workplace, please call CDC's Occupational Health Clinic (OHC) at 404-639-3385. If you have an urgent need to end your isolation early to access a CDC facility, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (<https://forms.office.com/g/4JzcJbMxTV>).

<sup>3</sup>If you were exposed to the virus that causes COVID-19 (<https://www.cdc.gov/coronavirus/2019-ncov/your-health/if-you-were-exposed.html>) or have been told by a healthcare provider or public health authority that you were exposed, get tested at least 5 full days after your last exposure.

<sup>4</sup>Consider getting a COVID-19 test if you:

- Develop COVID-19 symptoms before, during, or after travel.
- Will be traveling to visit someone who is at higher risk of getting very sick from COVID-19.
- Were in a situation with a greater risk of exposure during travel (e.g., in an indoor, crowded space like an airport terminal while not wearing a mask).
